

TENNESSEE GENERAL ASSEMBLY
FISCAL REVIEW COMMITTEE

FISCAL NOTE

SB 1445 - HB 1383

January 24, 2014

SUMMARY OF BILL: Authorizes trained volunteer school personnel to administer daily insulin to a student based on the student's Individual Health Plan (IHP). Training to administer insulin shall be repeated annually. Authorizes a local board of education or the governing board of a non-public school to permit volunteer school personnel to administer insulin. Requires the Department of Health and the Department of Education to update the *Guidelines for Use of Health Care Professionals and Health Care Procedures in a School Setting* for use by school nurses to train volunteers to administer insulin and glucagon.

ESTIMATED FISCAL IMPACT:

NOT SIGNIFICANT

Assumptions:

- According to the Department of Education, school nurses in each local education agency (LEA) can provide this training for public school volunteers without additional cost to the LEA. Any increase in local expenditures is estimated to be not significant.
- Updates to the guidelines and procedures will be done within the normal course of business. Any increase in state expenditures to update guidelines and procedures is estimated to be not significant.
- Any increase in expenditures to train non-public school volunteers will be the responsibility of the non-public school.

CERTIFICATION:

The information contained herein is true and correct to the best of my knowledge.
